We could not be happier with our new roof, gutter, and siding. Gil Clark was on site managing the project, inspecting the roof after all the shingles/siding was removed. He took great care to ensure we were aware of water damage that had been occurring due to the previous poor roofing work done on the house. He gave immediate solutions that made us feel comfortable that we would not have a problem moving forward. After researching contractors and the proper way to install a new roof, we knew what we were looking for and the price we should pay. Gil went above and beyond our expectations at a fair price. Gil and the entire team were very communicative and honest at every turn. If you are looking to have any work done to your house, do the research, get proposals from different contractors. In the end, you won't find a better contractor than Gil and company.

GH Clark recently installed windows for us that we bought through them. We shopped at all of the big vendors like Renewal by Anderson, Pella and Thompson Creek. We decided on the ProVia windows that G.H. Clark sold us and are completely satisfied. These windows are super high quality and the G.H. Clark installation team did an outstanding job removing our old windows and installing our new ones. The team was super professional and extremely tidy. I expected a lot of construction dust but they kept each room very neat while they worked. They finished our entire job which included 21 windows and a sliding door in 2 1/2 days. I am extremely pleased with the service we received and will definitely go back to them for my future home improvement needs.

Nothing but top notch !! If your looking for a honest contractor, that is family run and is a local Calvert business then I say call GH CLARK.

I was lucky and found them after spotting the work sign in my neighbor's front yard in broomes Island. So I suffered storm damage to my house roof. I contacted some other contractors around Southern Maryland and waited weeks! Yes weeks for someone to come out to provide an estimate. After waiting on these contractors who said they would be out the next day, just went on for 3 months of excuses. Then while driving past a neighbor's house I seen the GH Clark crew at work and was impressed. I seen there sign that's placed in the front yard and gave them a call. I have to tell you my experience with GH Clark was nothing but professional from the day I made the first phone call. They were very responsive and did what they said they were going to do plus did a couple extra repairs unrelated at no charge. They assisted me with my insurance company claim process. Thank you goes out to Marcia, Mitch, Marisa, Steve, and Mr and Mrs Clark and the work crew (10) who did the work on my house. Did I mention it took 1 day? I know I couldn't believe it either but it's true and my yard was cleaned up no trash or nails ending up in my lawn tractor or flower beds destroyed etc. This was my true experience and I highly recommend GH Clark they earned it.

We were very pleased with quoting & installation of our roof & gutters with the G H Clark team. They were always friendly, courteous & professional. We feel confident that they will offer the guarantees if issues may arise. They are a contractor that we can trust for future work & recommend their services.

G. H. Clark did a great job installing a new roof on my house. Their pricing is very competitive and a good value. We have a large house and they completed an entire replacement in about 10 hours. The roof looks great and I only found a couple of nails on the ground after they were done. We choose them after a neighbor recommended them to us and we are not disappointed.

It's been a pleasure doing business with Gil Clark, Sr. He's very knowledgeable and honest. His roof installers were polite, professional and hard working. Roof installation was impeccable. Cleanup was superb. The Landmark Pro architectural shingles are beautiful. GH Clark will be installing a Pro Via door in the coming weeks. We're confident that it will be completed to our satisfaction.

Update: The Pro Via door is beautiful and it was installed with perfection. Recently, GH Clark installed Azek railings and deck boards on our deck. Wow! Absolutely beautiful. Transformed our home!

It was wonderful experience working with G.H. Clark contractors! Thoroughly professional in all aspects of our re-roofing and siding repair. They didn't play any games when scoping out the project or with their work proposal. No long sales pitch, no baited pricing, no "commit today and I will cut the price" scheme. Just a friendly, professional, cut-to-the-chase review of the work needed and an honest proposal, which also turned out to be the lowest bid. We felt good about signing the contract, no regrets. They kept us well informed throughout process, and on the day the work was to be done, the work crew showed up on-time and ready to work. The least experienced crew member had 20 years of roofing experience. The crew was extremely efficient, competent, and well organized. They protected all the plants around our house with tarps and took great care not to damage any of our plants. One worker was even picking up scraps that missed the tarp during the entire job! We found only 3 nails under a bush after they left. Very impressive. The work on our 2600 square foot roof started at 6AM and was completed (including clean up and removal of all equipment) by Noon. The roof looks great, we are comfortable that the job was done correctly, and we are very happy. I couldn't recommend Clark more highly!

We recently had G.H. Clark Contractors give the outside of our home a much needed make-over.....new roof, siding, stone work, gutters, window Lineals, and a new front door. Our home looks absolutely AMAZING!! The quality of work that went into every step of the process was excellent.....it exceeded our expectations. We meet several times throughout the process to plan what we wanted and their staff was always very polite and treated us like family! Angela and Gil were amazing to work with!! When the work began, the amount of care and craftsmanship for our home was evident from day one. I would highly recommend this company to anyone who has a home project to be done. I can't say enough about G. H. Clark Contractors and all their employees. They have been a pleasure to work with!!

I was a pleasure having G.H. Clark Contractors install a new roof and gutters on my home. Beginning to end Gil Clark ,family and employees have provided excellent product and service in a most friendly and professional manner. There quality of work and communication is second to none, and they truly have their customers best interest in mind. Their pricing is also very reasonable, and I would recommend their Company to everyone

G. H. Clark replaced the roof and skylight on our house. The company did an excellent job, were thorough, professional, efficient, and followed up after to make sure that we were satisfied. Our 80-year old cottage has never had such a fine-looking hat! G. H. Clark is a pleasure to work with and took our needs and budget into consideration in ensuring we got the best roof we could afford. They're terrific!
